

Dream! Child Music Lyrics

Eje ka fara ba le (Let's calm down)
Eja fokon ba le (Let our minds be at rest)
Eje ka korin to dum (Let's sing a happy song)
Oluwagbemi oo!! (God help/Save me)

Da daa da da da da da da da

Sing a song, sing a happy song
Beat the gong, it's a sweet sweet song
Though we toil, sweating day and night
Our lives so hard

Sure can make you crazy and mad
Suffering everyday, wondering every night
About our destiny, we need a better world
And a future we can all be proud of
In spite of our plight
We smile and show our love
We sing a happy song like this

(Chorus)

Eternity is right here this moment
Being in the know, we realise our power
Taking command of our destiny
When we visualise, we create our destiny
Trusting in our own
Building from the roots
Can't go forward
By apeing and copying
Creativity, is the route to success
Let us be confident, and sure of ourselves
Take a bold step, one after another
United in love, we still sing our song like this

Thina si Ngumlil Ovuthayo!
(We are the fire that is burning hot)
(If you stand in our way, you will get burnt)
Washa! Washa! Washa!
(Burning! Burning! Burning!)

The charity single DREAM! CHILD is produced by **Scratch Studios** and the **Hi-Life Institute**

As Ghanaians and Africans we felt the need to do something for our own people. We also felt that given the nature of governments in third world countries it has become necessary for us to take up private initiatives to solve some of the challenges of our societies.

The lyrics help create the awareness of the African Renaissance and encourage support for the African child particularly the underprivileged in overcoming challenges. This is in order to play a pivotal role in propelling it forward, using the culture of music to enable recognition of:

1-The resilience of the African

2-The required attitudinal change for Socio-economic Development.

3-The need to work together in unity and love; Involving Africans and people of African descent in the Diaspora, along with International support.

OUR MISSION: The DREAM! CHILD FOUNDATION will focus on strengthening and empowering the children of Africa through the provision of adequate healthcare, education and other support services.

OUR GOAL: The foundation seeks to raise funds for selected institutions that influence and alleviate the plight of the underprivileged African Child.

The first beneficiary of the DREAM! CHILD FOUNDATION will to be the Korle Bu Children's Hospital, after which the FOUNDATION intends to spread across Ghana and eventually the whole continent. This of course means that DREAM! CHILD FOUNDATION needs support in the form of contributions, from corporate institutions and individuals alike that identify with its objectives.
