Message from Co-Founder.... Mr Kofi Amoakohene

As a co-founder who brings in the intangible and intrinsic benefits being the vision, drive and focus, my general role is to manage day-to-day operations, organize fundraising efforts, and secure funding as needed, it is essential to keep a sharp eye out for potential risks and implement strategies to mitigate those risks. With my experience as chief corporate governance advisor it is expected that transparency, discipline and work ethics will be the order of the day.

- Kofi Amoakohene..Co- Founder

About
Dream! Child

The Dream! Child Foundation is an NGO which aims to use the culture of music to empower and support the African child

Mr Amoakohene &
Teddy Osei, Osibisa, Co-founders

Dream! Child Concert Event

Mission
The Dream! Child Foundation focuses on strengthening and empowering the children of Africa through the provision of adequate health care, education, and other support services.

Goal
The Foundation seeks to raise Funds for selected institutions that influence and alleviate the plight of the underprivileged African Child. The foundation intends to spread across Ghana and eventually the whole continent. This of course means that Dream! Child Foundation needs support in the form of contributions, from corporate institutions and individuals alike that identify with its objectives.

Dream!Child Foundation Registered As:
DREAM CHILD FOUNDATION AFRICA RENAISSANCE PROJECT

About Dream!Child: Our Inspiration

In 2010, the world's focus shifted to Haiti following the unfortunate earthquake which ravaged the country. The world was touched and there was the iconic recording of the "We are the world" song by global music icons.

In Ghana, we were inspired and motivated to take our destiny into our own hands, to be creative in our thinking and to come up with our own solutions and this birthed the recording of the song "Dream Child" written by Ben Brako and produced by Kofi Amoakohene.

The song brought together 35 Ghanaian musicians to throw light on health related issues affecting the Ghanaian child especially the underprivileged..... Afterall, a healthy Nation is a wealthy Nation!!!

Dream!Child Foundation in partnership with Virtual Hub GH Ltd Presents... "HOODTALK PROJECT

In line with it's objective of using the culture of music to empower and support the African child, the Dream Child Foundation, has designed an innovative project called **"HOODTALK "** This project will be made up of 2 key parts :

A Youth Festival : An event which brings together youth of Ghana to discuss issues related to their progress and economic development while enjoying some healthy entertainment

The CSR Angle: A Platform to Raise awareness about pertinent challenges faced by the girl child and also to raise funds to construct 5 pediatric Hospitals. Platform will additionally be used to throw light on Climate change related issues as well as embark on a Youth tree planting drive.

HOOD DEFINITION

The word HOOD, the short form of Neighbourhood, refers to area where people live and interact with each other. It can also be loosely used to describe a covering or shelter which provides protection.
We are thus leveraging on these 2 meanings of the word Hood to coin our project name “HOODTALK” .
HOODTALK is thus, an opportunity to bring the youth together to interact for their common development and a platform to address issues which ultimately aim to safeguard the development of the nation.

HENCE, BROTHER(HOOD), SISTER(HOOD), NEIGHBOUR(HOOD) lets all get talking, lets get acting !!!

Why HOODTALK?

Our plan is to stage an event which will urge the African neighbouring youth (i.e the HOOD) to (TALK) and (ENGAGE) with one another in a fun and unifying manner.

The youth will thus be given an opportunity to come together and talk about issues related to their development as well as issues related to the CSR wing of this project i.e. the girl child development and climate change as well as the tree planting exercise.

Objectives "HOODTALK "

- **Youth Festival :** A platform for bringing Youth together for discussions which will contribute to their development and consequently, National development. Focal / Topical areas :
    - Unity amongst Ghanaian youth for common progress
    - Love for Mother Ghana
    - Local Business Generation
    - African Resilience
    - Economic Development and Emancipation
    - Social Issues related to the Girl Child
    - Regional collaboration (AfcFta and its benefits)
    - Climate Change
- **CSR Angle :** Platform to generate funds for establishing pediatric centers in 5 regions of Ghana and creating awareness on topical issues affecting the girl child.
- Coupled with this will be a tree planting mobilization of the millennials to support Ghana's stands on climate change as spelt out the president of Ghana at the just ended COP27 in Egypt

Information on Tree Planting

We intend to seek support from the Forestry Commission of Ghana and like minded organizations for seedlings.

Our target is to secure over 5000 seedlings to be planted over the duration of the HOODTALK project

The Youth Festival -
“HOODTALK ”

A never before experienced, platform for youth dialogue, expression and entertainment.

HOODTALK will be an exciting, “must be a part of” massive Youth Festival which draws together youth, connected by their common interests, and gives them a platform to network, learn and debate about developmental issues in a fun and lively atmosphere.

It will also give the youth an opportunity to be socially responsible by discussing issues related to the plight of the Girl child.

Will be a 1 day event with climaxing with a massive concert featuring chart-topping artistes and preceded by an afternoon of funfair involving: youth dialogues, mentorship sessions, exhibitions for youth owned businesses, Fashion shows, gaming areas etc.

DANCE

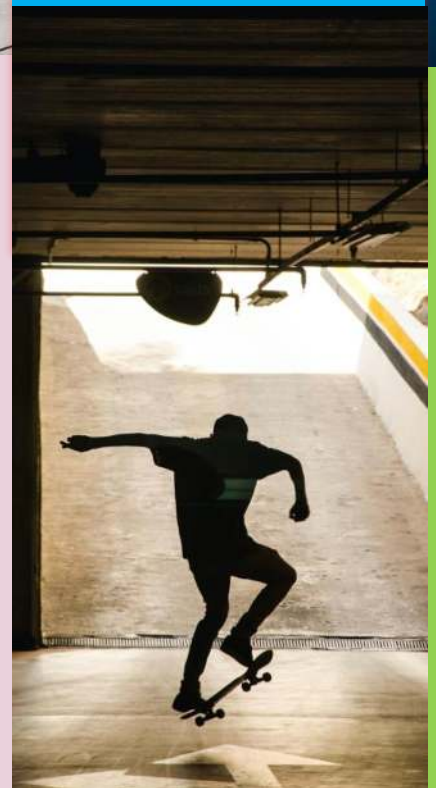
ARTS

HOODTALK will be a platform to connect Ghanaian Youth using their various passion points

MUSIC

SPORTS



GAMING

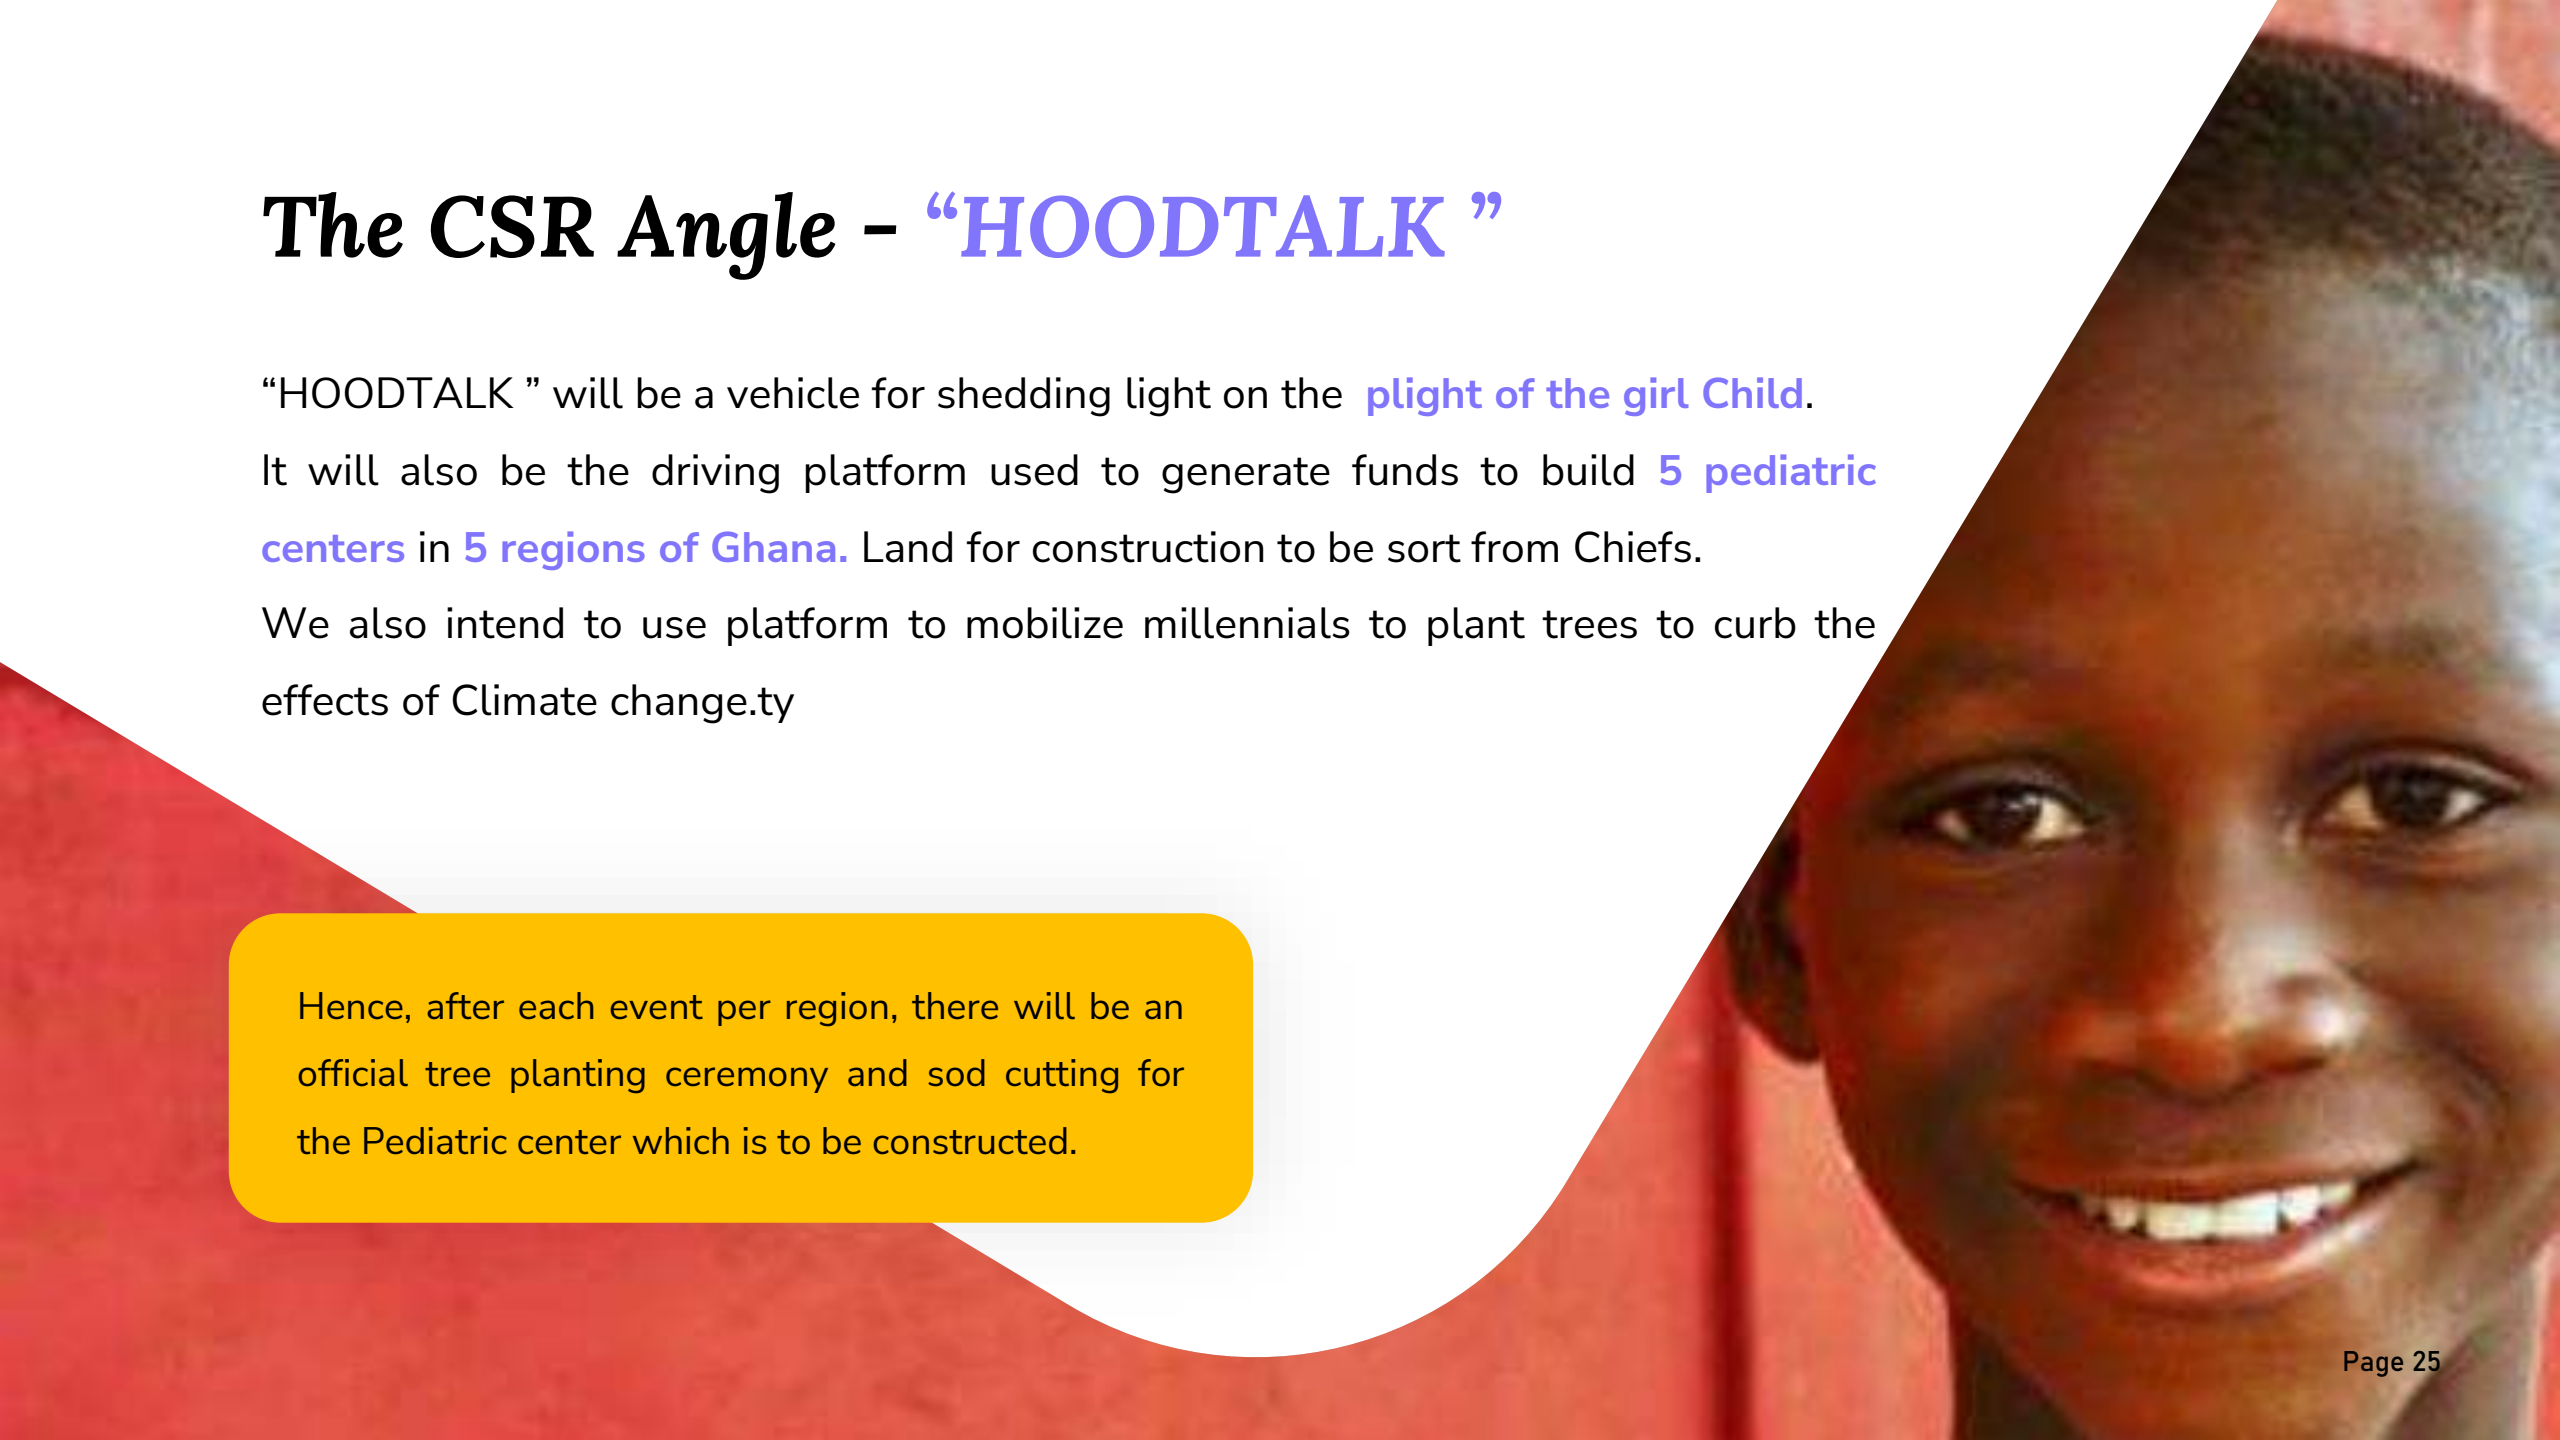
The CSR Angle – "HOODTALK "

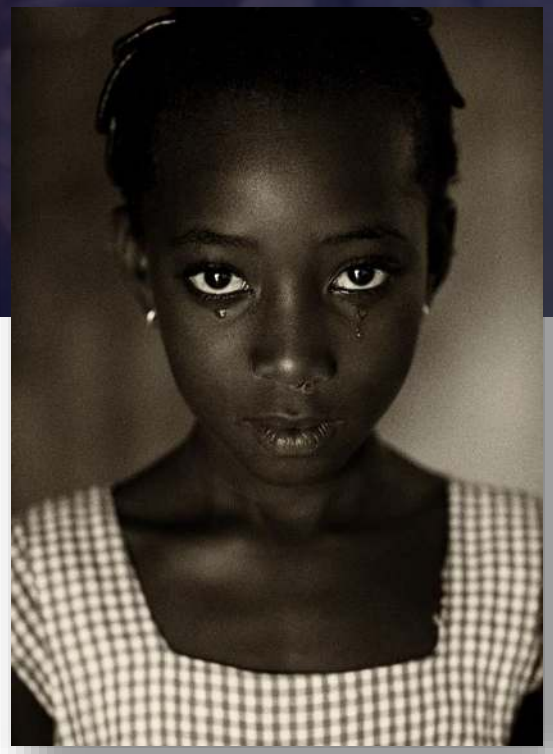
"HOODTALK " will be a vehicle for shedding light on the **plight of the girl Child**.

It will also be the driving platform used to generate funds to build **5 pediatric centers** in **5 regions of Ghana.** Land for construction to be sort from Chiefs.

We also intend to use platform to mobilize millennials to plant trees to curb the effects of Climate change.ty

Hence, after each event per region, there will be an official tree planting ceremony and sod cutting for the Pediatric center which is to be constructed.





The Plight of the Girl child

- Sexual Violence, Rape, Incest, Child Marriages, Child Abuse
- Forced Prostitution
- Teenage Pregnancy
- Child Labour
- Inadequate information and services related to puberty and reproduction
- Lack of access to adequate Health Care (Exposure to AIDs, Tuberculosis, Malaria etc)

The Plight of the Girl child

'Be more sensitive to plight of victims of gender violence'

Akon Lighting Africa is a project started in 2014 by music artist Akon with Samba Bathily and Thione Niang which aims to provide electricity by solar energy in Africa. Their initial technique is to install solar street lights and small energy systems. **Akon was able to negotiate a billion-dollar credit line with Chinese manufacturers for solar power products. Within the first year, Akon Lighting Africa was able to provide 14 countries with sustainable electricity, including street lamps and solar panels.**

Tiwa Savage Listen(born 5 February 1980) is a Nigerian singer-songwriter and performing artist. Born in Isale Eko, she relocated to London at the age of 11 for her secondary education. Five years later, she began her music career doing backup vocals for artists such as George Michael and Mary J. Blige. After participating in the UK edition of The X Factor and graduating from Berklee College of Music, Savage signed a publishing deal with Sony/ATV Music Publishing in 2009. Inspired by the growth of the Nigerian music industry, Savage moved back to Nigeria and signed with Mavin Records in 2012. She made an appearance on the label's 2012 compilation album Solar Plexus.
